Apr. 3, 2019	Purchase of 2727 Tracy finalized Polished concrete floors
March 14, 2019	St. Vincent's volunteers paint second floor ceiling
May 30, 2019	St. Mary's volunteers paint hallways and atrium
May , 2019	Chapel completed
July 3, 2020	Move to 2727 Tracy
August 23, 2020	Tracy open house
August 25, 2020	First day of school

As of this date, the following work has been completed or is underway:

The chapel space is completed and next week the pews will be installed. Mr. Patterson will be restoring the altar for the chapel over the summer

The library space is well on its way to being completed, thanks to Mr. Patterson and Mr. Tony Wohletz's hard work. Next week with the help of high school boys, they will begin to move books from the existing library over to the gymnasium and then onto the shelving in the new library. Mrs. Patterson has worked unceasingly these last few months digitally cataloguing all of our library books and with the help of Mrs. McMaster, organizing them all for the move over.

The upstairs classrooms are being painted yellow and the baseboards are being installed. A crew of St. Vincent parishioners have painted the ceilings on the 2nd floor.

Mr. Greene and Mr. McMaster installed the phone system.

Mr. Tony Wohltez cut an access door in to the mechanical room upstairs and a door between Mrs. Wohltez's office and the infirmary room.

The wall for the sacristy was installed

On May 30, a painting crew from St. Mary's will paint the hallways and atrium.
